

# DOES THE EVIDENCE SUPPORT YOUR THEORY OF CHANGE ?

22 Oct 2025

Improved wealth and livelihoods for 12,000 women in rural communities in Ghana and DRC

One way to do this is to use the elements from your theory of change as your codebook and only add other elements when necessary. Validated pathways of change (by showing which mechanisms are observed on the ground) and find gaps where expected pathways might be missing or where stakeholders list elements were not anticipated in the theory of change?
